EXCITEMENT COUPLED WITH EARNINGS!

At Volta Automotive India, we offer high earning potential to our Auto Drivers with our products, coupled with reduced stress & better health. We are at the beginning of a historical green journey.

WHY BUY VOLTA AUTO?

1. Our NEW ELECTRIC AUTOs are eligible for Indian Government's FAME Scheme FAME subsidy as applicable.
2. We also convert existing IC Engine AUTO Rickshaw, to run 100% on electric power. These autos have better load bearing capacity than normal Autos for a price of 1/5th of the cost paid for Petrol / Diesel /CNG / LPG. These autos can be re - registered in RTO Offices.
3. We have developed unique technology, that will help you run an auto with electric power, without losing the torque or speed.
4. We tested our autos on Indian & other neighbouring country roads for than 160,000 km and got all approvals.
